RE: OFFICIAL COMPLAINT

Ladies and Gentlemen:

I am part of a volunteer team of citizens investigating irregularities in the November 2020 General Election. I am writing to file a complaint for ballot harvesting by an individual in Gwinnett County, driving a white Ford SUV Georgia license plate [REDACTED].

- This individual deposited 5 ballots on 10/06/2020 at 10:48 am.
- A private investigative organization, True the Vote, purchased billions of cell phone “pings” and they identified this individual by tracking his cell phone pings to multiple ballot drop boxes.
- The probability that this individual was simply “helping family members” deliver their ballots seems unlikely because this video footage is from very in the election on October 10, 2020.

You can view the full video here <https://tinyurl.com/████████> or you can retrieve it from Gwinnett County. You can watch the 2-minute video here: <https://tinyurl.com/████████> or by scanning this QR code with your

camera.

This picture shows the individual approaching the ballot drop box with a small stack of ballot envelopes.

Here, you can see the individual attempting to place multiple ballots in the box:

We have multiple examples of individuals trafficking 5 ballots at a time. "Ballot Mules" are typically paid \$10 to \$15 per ballot delivered. One individual came forward in Fulton County admitting to receiving \$34,000 for his work delivering ballots.

While some may think that 5 ballots is trivial, it adds up to a large number when you have hundreds of people delivering 5 ballots at a time to multiple drop boxes each day.

I respectfully ask that you investigate the individual and his passenger to determine why 5 ballots were dropped off at one time.

I also respectfully ask that you post signs at each ballot drop box warning individuals that it is a felony punishable by imprisonment for not less than one year per OCGA § 21-2-603.

Sincerely,

David A. Cross
